Attention: Kalani Norton, Managing Partner

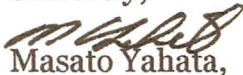

Subject: letter of reference

To whom it may concern:

American Sotetsu Corporation has engaged in a long-term business relationship with Nexus Environmental Group Guam. We have utilized Nexus on several high profile projects on the island of Guam in particular the full asbestos abatement of the Tropicana Hotel and Tumon Sands Plaza complex. To date we have not received any negative results from their work performance, I would recommend Nexus to any company. Mr. Norton has an extensive background in hazardous materials abatement along with his staff of professionals.

If you have any questions please feel free to contact me at (671) 646-6801

Masato Yahata,
