Subject: letter of reference

To whom it may concern:

I would like to issue this letter in regards to the professional work performed by Nexus Environmental Group Guam. Maeda Pacific Corporation has contracted Nexus on several past projects that required asbestos abatement. We were contracted to demolish the Old Guam Memorial Hospital in 2000 and used their services. We were also awarded the contract to demolish the Fujita Hotel in Tumon in 2003 and again we utilized Nexus to remove all the hazardous materials from the hotel. To date we have never received any negative publicity from working with Nexus they have always performed well and all projects were completed on time and on budget with out any unnecessary change orders. I would highly recommend them for any future work.

If you would like to discuss this any further I can be reached at (671) 646-6050.

Sincerely,

Miguel Rangel  
Business Manager
